Education Connections

County Big Brothers Big Sisters Programs:

We are a mentoring agency that creates healthy, professionally supported, lasting relationship friendships. When we work in schools, we match a high school student with an elementary school student, and when we work in the community we match an adult with a younger child. All of our volunteers have proper background checks, and training. We are always accepting applications for both "littles" the mentee or "bigs" the mentor. Our overall vision is that all children achieve success in life.

Homeless Connections

McKinney-Vento Act

In 1987, Congress passed the Stewart B. McKinney Homeless Assistance Act to aid homeless persons. The Act defines the term “homeless children and youths” as individuals who lack a fixed, regular and adequate nighttime residence. A detailed explanation of who is considered homeless can be found in the LIU ECYEH Region 7 Booklet.

Resource Connections

Juvenile Law Center created this database as a resource for older youth and young adults in Pennsylvania who are aging out of the foster care system. The county resource lists may not reflect the full array of resources available in a certain county. If you know of a resource for youth that you feel would be useful in this resource guide, or if you have any corrections to a current listing, please email us at resources@jlc.org. Juvenile Law Center seeks to make information in the County Resource Guide as accurate and up-to-date as possible. To ensure that you get the most accurate information, we suggest that you contact the individual service agency to determine current services and eligibility requirements.
